Scholarship standing for undergraduate students is defined as a 75% average at the end of two out of the last three semesters in the previous scholarship year and the successful completion of not less than thirty credit hours in those two semesters. In considering students who complete more than thirty credit hours in those two semesters, the average on the actual number of credit hours taken will be reviewed. Students who fail one or more courses during the scholarship year, regardless of the number of courses completed, will not be eligible for scholarships.

Please note that you may only apply for one of the scholarships listed above.

Applications should include a resume along with a cover letter stating why you think you deserve the scholarship for which you are applying.

**Deadline to apply is Friday, 8 March 2010, at 4:30 PM.**
